## National Organization of Life and Health Insurance Guaranty Associations

---

December 15, 2023

Dear Chief Executive Officer:

NOLHGA is providing the enclosed data regarding insolvency costs to assist members of the insurance industry in establishing accruals for their respective share of these costs. Beginning in 2001, insurance companies were required to establish a liability and expense for guaranty association assessments when a loss is probable and can be reasonably estimated. Statement of Statutory Accounting Principle (“SSAP”) No. 35R – Revised Guaranty Fund and Other Assessments (finalized March 2000 by the NAIC, revised October 2010, revised again in March 2017) and Accounting Standard Codification 405-30, Insurance-Related Assessments (“ASC 405-30”, July 2009) (previously known as Statement of Position (“SOP”) 97-3 – Accounting by Insurance and Other Enterprises for Guaranty Fund and Certain Other Insurance-Related Assessments (released December 1997 by the AICPA)) discuss the particulars for establishing these liabilities.

The enclosed schedules provide estimates of the total costs (including statutory benefits and the expenses incurred to provide them) for specific, multi-state insolvencies in which NOLHGA has been involved. Also included is related assessment information for which NOLHGA is aware (this information reflects assessments called (i.e., billed) less refunded as of December 31, 2022). Please review the comments at the beginning of each section for a clearer understanding of the data and the limitations inherent in these estimates.

This Report has been prepared by NOLHGA solely for the purpose of providing “member insurers” of guaranty associates (GA) with estimated GA net cost information that member insurers may use to estimate their possible net assessment costs in actual or possible multi-state insolvency cases, and the Report should not be used for any other purpose without NOLHGA’s consent. The Report does not waive and is not intended to waive any applicable privileges or other protections from disclosure. The data and enclosed funding schedules utilize estimates and may exclude costs incurred directly by the State Guaranty Associations, and actual assessments made by the Guaranty Associations may not coincide with the anticipated funding schedules. They should only be used in estimating your share of the insolvency costs. Since the data has not been audited, it MAY NOT be used in protesting actual assessments made by State Guaranty Associations. As such, neither NOLHGA nor the Guaranty Associations will attempt to reconcile the data presented in the enclosed reports to actual Guaranty Association assessments or explain differences.

Please forward the enclosed material to the appropriate individual within your company. We hope the enclosed data is useful and informative. If you should have any questions, please contact me on (703) 787- 4114.

Sincerely,

*Keith Sheridan*

Keith Sheridan  
Vice President of Accounting and Finance

# Overview

## General Comments

Please note the following general comments relating to sections within this package.

- **Overview** – lists insolvencies by certain categories and contains summary totals for each category. Generally, these are multi-state cases in which NOLHGA was involved. Costs may include amounts needed to fund assumption reinsurance transactions, claims paid directly by guaranty associations, expenses incurred by NOLHGA and guaranty associations and assets received from estates. Note the following general classifications:
  - **Pre-Liquidation Cases**  
Companies listed in this category are under some form of oversight (conservation, rehabilitation, etc.) by state insurance departments but have NOT been placed into liquidation nor has a final order of liquidation with finding of insolvency been obtained. Cost estimates are based on available information regarding policy liabilities and available estate assets, if any. Companies will need to decide whether they wish to establish an accrual for these cases since neither SSAP No. 35R or ASC 405-30 appear to require an accrual until a final order of liquidation is obtained.
  - **Open Insolvencies**  
The insolvencies listed are those that are still in an “open” status. These cases may be involved in the development of an assumption reinsurance agreement which has closed (or is anticipated to close in the near future); an assumption reinsurance agreement that requires funding to occur in the near future (or funding is anticipated to occur over a number of years beyond the current period) or may have closed blocks of business which will be administered indefinitely by guaranty associations and claims will simply be in a run-off status.
  - **Closed**  
This category lists those costs associated with assumption reinsurance agreements that have been closed or outstanding claims benefits have essentially been funded by Guaranty Associations. Guaranty associations may still incur costs related to covered obligations.
  - **Estates Closed**  
This category lists those costs associated with estates that have had court orders issued to close the estate. No further costs or recoveries other than minor amounts are anticipated.
  - **Released from Oversight**  
This category lists those cases which were under some form of Insurance Department oversight (whether referred to as supervision, conservation, rehabilitation, receivership, etc.) and did not proceed to a liquidation status. The cases are eventually released from Department oversight. Blocks of business are generally disposed of without GA funding. Guaranty association costs should be minimal and are generally limited to expenses involved in monitoring the cases.
  - **Other Key Points**  
Provides general comments related to specific insolvencies.
- **Anticipated Funding Schedule (No longer prepared)**  
This section contains Anticipated Funding Schedules for certain insolvencies for which Guaranty Association funding occurs over a period extending beyond year-end 2022. **Particular attention should be given to these insolvencies since Guaranty Associations may fund their participation in an assumption reinsurance agreement through a variety of methods (such as the use of a promissory note or borrowed funds to accommodate capacity limitations or the economic benefit to member companies), and it is likely that the timing of actual assessments will not coincide with the enclosed schedules.**

The schedule included in past years for Executive Life Insurance Company will no longer be included as the remaining estimate is immaterial. Please see the special memo and file posted for Penn Treaty/American Network cash flow projections under the 2017 section on the NOLHGA website.

## General Comments (continued)

- **Specific Insolvency Costs and Assessment Information**

This section lists estimated costs by insolvency. It provides breakdowns by state and account. It also includes assessments called (billed) and refunded as of the immediate past yearend. **Assessment information is compiled annually from state guaranty associations. This information is NOT audited or verified by NOLHGA. NOLHGA cannot comment as to the completeness or accuracy of the information shown herein. Inquiries about assessments should be directed to each individual state guaranty association.**

In addition, this information

- does not incorporate estimates of possible future recoveries from remaining estate assets or litigation.
- does not attempt to determine when guaranty associations may assess costs to member companies and
- does not attempt to determine whether guaranty associations will utilize existing cash on hand to fund specific insolvencies.

- **Assessable Premiums 1988 -2022**

This section contains the Total Assessable Premiums for the period 1988 through 2022, by state, by account, by year. The data is obtained from the final Assessment Data Surveys filed by member companies. The data may be used to estimate your company's pro-rata share of the estimated costs for all insolvencies. This may be accomplished by calculating your share of the assessable premiums and applying that factor to the estimated insolvency costs.

Beginning in late 2018, certain new changes were adopted in the model act that will impact premiums beginning with the 2018 reporting year. These changes included an exclusion for Medicaid business and an inclusion of HMO's as member companies. You can identify these states by reviewing the "Notes" column in the Premiums chart. HMO premiums are only included in states beginning with the year of adoption.

- **State Guaranty Association Assessment and Premium Tax Offset Provisions**

This report contains general information regarding assessment and premium tax offset provisions by state as of fall 2022.

- **Long Term Care**

New provisions were adopted in the guaranty association model act in late 2017 which allocates assessments associated with long term care business such that they are split 50/50 (assuming this is adopted) between life/annuity and health insurance member companies (as defined in the new model act amendment). Rather than long term care business being assessed solely under the health account as was the historical practice, assessments will be allocated among all applicable accounts (life, allocated and unallocated annuity, health etc.) according to the formula adopted by the guaranty association.

When accruing for long term costs, it will be necessary to utilize all your companies' premium in all accounts to determine your applicable market share to apply to the cost estimate.

This report does NOT attempt to allocate long term care costs among the various accounts. LTC estimated costs are segregated from other health costs only in those states that have adopted the LTC allocation provisions and only on cases that are impacted by the new allocation language. Cases that are associated with long term care can be identified by reviewing the individual cost estimates page or the summary page and looking for those states/cases that have an LTC cost estimate under the LTC column.

### AMOUNTS IN THE ENCLOSED REPORTS ARE SHOWN IN WHOLE DOLLARS

The data and enclosed funding schedules utilize estimates and may exclude costs incurred directly by the State Guaranty Associations, and actual assessments made by the Guaranty Associations may not coincide with the anticipated funding schedules. They should only be used in estimating your share of the insolvency costs. Since the data has not been audited, it MAY NOT be used in protesting actual assessments made by State Guaranty Associations. As such, neither NOLHGA nor the Guaranty Associations will attempt to reconcile the data presented in the enclosed reports to actual Guaranty Association assessments or explain differences.

# **KEY POINTS**

## Key Points to Consider

### KEY NOTES ON ALL INSOLVENCIES:

- NOLHGA expenses are incurred as of June 30, 2023. Where known, expenses and claims incurred directly by guaranty associations and recoveries from litigation, estate distributions etc. have been included.
  - **Neither NOLHGA nor the Guaranty Associations make any representations or warranties as to the accuracy of the enclosed data.**
  - **Assessment information is compiled annually from state guaranty associations. This information is NOT audited or verified by NOLHGA. NOLHGA cannot comment as to the completeness or accuracy of the information shown herein. Any such inquiries should be directed to each individual state guaranty association.**
  - **Beginning in 2013, Puerto Rico is no longer a member guaranty association of NOLHGA. Data presented is historical information. Member companies will need to contact the Puerto Rico guaranty association directly for information on any annual or future insolvency cost estimates.**
- 

### PRE-LIQUIDATION CASES

This section contains estimated costs by case, by state, by line. The cases listed have not yet been placed under an order of liquidation with finding of insolvency. Member companies need to decide if they wish to establish accruals for these cases since the accounting guidelines do not require an accrual be established until a company is placed under an order of liquidation.

#### **Monarch Life Insurance Company**

Total costs reflect NOLHGA expenses incurred; no current plans for guaranty association participation.

#### **Global Bankers Insurance Group: Colorado Bankers and Bankers Life**

Both companies have been in rehabilitation since June 27, 2019, and during that time have been involved in related litigation and disputes. Please refer to the updated footnote on the NOLHGA website.

### OPEN INSOLVENCIES

This section contains estimated costs by insolvency, by state, by line. The insolvencies listed reflect those cases which are still in an "open" status with no assumption reinsurance agreement being closed and are in a claim run-off mode, or those that an assumption agreement is anticipated to close in the near future or agreements which may require guaranty association funding for a number of years beyond the current period.

#### **American Network/Penn Treaty**

Penn Treaty and ANIC were placed in rehabilitation on January 6, 2009, and went into liquidation on March 1, 2017.

Penn Treaty and ANIC are affiliated companies that wrote primarily long-term care insurance. Cost estimates of the GA covered obligations of Penn Treaty and ANIC in a post-liquidation scenario are as of March 1, 2017. We note that the estimates are subject to substantial variation as additional information becomes available and are sensitive to changes in assumptions and prevailing interest rates. Please see the files labeled "Memo re Liabilities" and "Cash Flow Estimate" under the 2017 section for more details and projections. The numbers in the memorandum file will vary from those within the Costs file because the Costs file will include additional adjustments for guaranty association expenses and obligations.

#### **Booker T Washington/Universal Life Insurance Companies**

Related companies' costs include claims paid and estate distributions.

#### **Executive Life Insurance Company**

Reports in previous years presented estimated costs of each guaranty association's liability discounted to September 1993. Beginning with the 1995 report, costs were shown as if Guaranty Associations paid off all obligations by 2022. Under the Enhancement Agreement, Guaranty Associations have the option to make annual installment payments or defease their obligations. Since GA costs grow with interest over time, deferral of Guaranty Association payments through annual installment payments results in higher aggregate (undiscounted) costs than, for example, making a one-time defeasance payment. Obviously, the ultimate aggregate (undiscounted) cost will depend on how each Guaranty Association chooses to fund their obligations.

Consistent with prior years, the current estimate reflects the following assumptions regarding Guaranty Association funding of ELIC obligations:

Guaranty Associations make annual installment payments through 2022.

All guaranty associations other than Puerto Rico have now defeased their obligations under Article 5.1.2 of the Enhancement Agreement. The remaining liability estimate of \$2.3 million represents the present value of future obligations under Article 22 and 23 of the plan.

Puerto Rico is no longer a member of NOLHGA and we therefore do not track ongoing activity for this association. You must contact the Puerto Rico guaranty association for any annual or ongoing funding information.

Discount rates used were approximately 2.5% for all remaining obligations.

Other comments pertinent to the estimates include:

The estimates are net of approximately \$464 million received between 1995 and 2016 from the ELIC Trusts. Future recoveries, if any, from the Trusts cannot be estimated and therefore are not included in this presentation.

The estimates are exclusive of any possible future indemnity charges. Such charges, if any, cannot be estimated and therefore are not included in this presentation.

The estimates include actual administrative charges from Aurora through 2022 and allocated NOLHGA costs through June 30, 2022. The estimates exclude future Aurora administrative costs and allocated NOLHGA costs.

The estimates include actual and projected costs related to Article 22 and 23 of the Enhancement Agreement. While there are no arrangements currently in place to defease such obligations, the estimates assume that the present value of such costs is paid in 2022. Guaranty associations at this time do NOT have the option of defeasing those obligations and will be required to fund benefits annually similar to past years.

Past years reports included Anticipated Funding Schedules that reflected the annual payments and future estimates. These will no longer be included as the future present value amount is immaterial (\$2.3 million).

#### **Life & Health Insurance Company of America**

Total costs reflect expenses incurred by GA's and NOLHGA, estimated reserves for business yet to be sold, assumption costs for minor block of life business sold and claims paid (net of premium collected) on various blocks of business.

#### **Lincoln Memorial and Memorial Service Life Insurance Companies**

Companies wrote preneed funeral insurance. Current plan calls for guaranty associations to run-off business. Total costs reflect paid claims, assumption funding (both LML and MSL), expense, premiums received and the remaining inforce amount

#### **North Carolina Mutual Life Insurance Company**

Cost estimates reflect guaranty association covered obligations and partial estate asset recoveries.

#### **National States Insurance Company**

Current estimate reflects claims paid and remaining reserves on LTC block of business. Life block and small non-LTC block sold during later part of 2011 and 2012. LTC business along with a very minor other health block are the remaining blocks that are in run-off. Decrease from prior year due to final estate distribution received.

#### **Senior American Insurance Company**

Company placed into liquidation 9/3/2019 that wrote primarily long-term care business (approximately 90%). Affected guaranty associations that would utilize the new long-term care assessment allocation mentioned above include AZ, CO, FL, LA, MD, MS, PA, TX and VA.

#### **Southland National Life Insurance Company**

The company was a part of Global Bankers Insurance Group and was placed into liquidation on May 2, 2023. The entity predominantly wrote preneed business and the Guaranteed Associations were triggered as of that date.

### **Time Insurance Company**

Cost estimate reflects very small amount of remaining inforce business at liquidation after pre liquidation assumption transactions were completed at no cost to guaranty associations. Estimated costs includes claims processing and estimated buyout offers to remaining inforce policyholders.

### **Universal Life Insurance Company**

Company placed into liquidation in 2010, affiliated with Booker T. Washington.

## ***CLOSED INSOLVENCIES***

This section lists those costs associated with assumption agreements which have been closed prior to the fall of 2022 or all claims have essentially been funded. Since Guaranty Associations may fund their participation in an assumption reinsurance agreement through the use of a note or borrowing the funds, it is possible that actual assessments may not have been levied against member insurance companies. Therefore, the enclosed data is being provided so that you can determine if assessments have been paid or whether an accrual needs to be established.

### **COOPS**

The following coops have been placed into liquidation. All are single state cases and do not have any NOLHGA involvement. Costs information has been provided by the affected guaranty associations. Contact the domestic guaranty association where applicable for further information, if needed.

**Colorado Health Insurance Cooperative Inc.** – single state case, member of Colorado Life & Health Insurance Protection Association

**Consumers Choice Health Ins. Co.** – single state case, member of South Carolina Life and Accident and Health Insurance Guaranty Association

**CoOpportunity Health**

Health cooperative doing business in IA and NE. Cost estimate reflects claims funded by the IA and NE guaranty associations.

**Coordinated Health** – single state case, member of Ohio Life & Health Insurance Guaranty Association

**Freelancers CO-OP** – single state case, member of New Jersey Life & Health Insurance Guaranty Association

**HealthyCT** - single state case, member of Connecticut Life & Health Insurance Guaranty Association

**Land of Lincoln** – single state case, member of Illinois Life and Health Insurance Guaranty Association.

**Meritus Mutual Health Partners** – single state case, member of Arizona Life & Disability Insurance Guaranty Fund

### **Executive Life of New York**

The ELNY Receiver filed a Petition for Liquidation with the Receivership Court on September 1, 2011. Letters describing the Restructuring Plan were mailed to payees on December 7, 2011. The Plan was appealed during 2012. In 2013, the liquidation plan was approved and closing occurred during August. Final accounting and guaranty association funding occurred during 2014.

Member insurers of The Life Insurance Company Guaranty Corporation of New York should note that they may be subject to an additional assessment of approximately \$50 million in the aggregate in connection with the liquidation of ELNY by The Life Insurance Guaranty Corporation existing under Article 75 of the New York Insurance Law. **Assessment estimates by The Life Insurance Guaranty Corporation are included in this report.**

### **First National Life Insurance Company of America**

Part of Thunor Trust companies. Costs reflect sale of business via assumption reinsurance and subsequent final accounting during 2001 along with guaranty association expenses and claims incurred directly.

### **Lumbermens Mutual Casualty Company**

Costs represents assumption funding for claims and expenses incurred through NOLHGA. Decrease from prior year due to early access distribution received.

### **Northwestern National Insurance Company of Milwaukee WI**

Property & casualty company placed into liquidation May 2019 with small health business inforce that obligates the life & health guaranty associations. Costs reflect claims paid net of premiums collected, expenses and estimate for future claims. Current plan is runoff business for remaining inforce policies.

**Old Standard Life Insurance Company**

Part of Metropolitan Mortgage Group. No data available.

**Reliance Insurance Company**

Costs reflect guaranty association funding for outstanding A&H claims plus expenses incurred by the GA's and NOLHGA.

**Standard Life of IN**

Cost estimate reflects incurred expenses only, no GA involvement in resolution of case.

**Universal Health Care Ins. Co. Inc.**

All business is Medicare Advantage. Currently processing claims incurred prior to the liquidation date. Costs represent paid claims, NOLHGA and GA incurred expenses and early access distributions.

# **ASSESSABLE PREMIUM**

**Assessable Premium  
1988 – 2022**

This section contains the Total Assessable Premiums for the periods 1988 through 2022 by state, by account, by year. The data is obtained from the final Assessment Data Surveys as filed by member companies. **The premiums for 1988 through 1993 include all changes as a result of the 1988 - 1993 Assessment Data Resurvey.** Results of the resurvey were released to Guaranty Associations and insurance commissioners June 30, 1997.

Guaranty Associations may adjust the Assessment Data Survey premiums for any number of reasons (i.e., companies file corrected surveys; formula error occurred in the compilation of the data, companies are added/deleted from the premium base, the Guaranty Association uses a premium basis other than the Assessment Data Survey, etc.). Because of these adjustments, the premium basis used in the actual assessments by Guaranty Associations may differ from the enclosed data. Therefore, the enclosed material MAY NOT be utilized in protesting actual Guaranty Association assessments. **Neither NOLHGA nor the Guaranty Associations will attempt to “reconcile” the enclosed material to that used in actual assessments.** The data is provided to you solely to aid your company in determining its market share and related share of the insolvency costs.

The data may be used to estimate your company's pro-rata share of the estimated costs for all insolvencies. This may be accomplished by calculating your share of the assessable premiums and applying that factor to the estimated insolvency costs. Premium figures for your company will need to be obtained from your records; neither NOLHGA nor the Guaranty Associations will provide company specific premium information. Note: When calculating your pro-rata share of premiums, please remember to use your 88-93 resurvey premiums as opposed to those originally filed.

Following is some, but not all, methods that may be considered in calculating your company's pro-rata share. **NOTE these are not meant to be definitive accounting guidelines in determining guaranty assessment accruals but are only offered as food for thought.**

- Determine Company's premium on a state level, by account basis and divide by state, by account totals indicated in enclosed material. Apply this factor to the enclosed cost data on a by state, by account basis. This method most likely is the most accurate in determining a company's pro rata share of the costs, however, it may also be the most complex to establish.
- Determine Company's premium on a state level basis and divide by state totals indicated in enclosed material. Apply this factor to the enclosed cost data on a by state basis. This method generally ignores the type of market a company writes in. Somewhat less complicated than above approach, probably is not much of an extra effort to go one step further and determine by account share.
- Determine Company's premium on a countrywide, by account basis and divide by countrywide, by account totals indicated in enclosed material. Apply this factor to the enclosed cost data on a countrywide, by account basis. Most likely the least accurate method, however, probably the easiest to administer.

In addition, the following points should also be taken into consideration when developing your cost estimates:

- Develop premium basis under above methods based on particular state provisions (i.e., 3-year average prior to year of insolvency, 1 year prior to year of assessment, etc.). A summary of state provisions is provided; however, you are cautioned that this information HAS NOT been verified with the guaranty associations.
- Apply ratios developed above to assessment information provided to estimate amounts that may have been previously paid. Alternatively, companies should gather past paid assessment information from their own payment records as this would provide the most accurate payment information.
- Incorporate applicable premium tax offset provisions into above methods, subject to recoverability testing. Be sure to reflect tax recoveries as an asset as opposed to netting them against the accrual estimate if required.

Neither NOLHGA nor the Guaranty Associations make any representations or warranties as to the accuracy of the enclosed data.

**ALL AMOUNTS IN THE ENCLOSED REPORTS ARE SHOWN IN WHOLE DOLLARS**

**The data and enclosed funding schedules utilize estimates and may exclude costs incurred directly by the State Guaranty Associations, and actual assessments made by the Guaranty Associations may not coincide with the anticipated funding schedules. They should only be used in estimating your share of the insolvency costs. Since the data has not been audited, it MAY NOT be used in protesting actual assessments made by State Guaranty Associations. As such, neither NOLHGA nor the Guaranty Associations will attempt to reconcile the data presented in the enclosed reports to actual Guaranty Association assessments or explain differences.**

OFFSET PROVISIONS**

## **Account Structure, Assessment and Premium Tax Offset Provisions**

The enclosed material was obtained through a cursory review of available information to NOLHGA and is as of fall 2023. You should check each applicable state insurance statute prior to using the enclosed.

Assessment basis and capacity rates may affect the accuracy of accruals a company establishes for Guaranty Association costs. The enclosed information is provided to aid your company in establishing the most accurate accrual possible, however it should be verified with individual state statutes should you choose to do so.

Tax offsets may be considered when establishing your accruals for Guaranty Association assessments, where allowed. However, recoverability tests should be conducted to ensure that such an offset is reasonable. Such offsets may need to be reflected as an asset as opposed to netting against the liability; be sure to review the provisions of SSAP No. 35R and ASC 405-30 for proper treatment.

Neither NOLHGA nor the Guaranty Associations makes any representations or warranties as to the accuracy of the enclosed material.

### **Assessment Limits**

§48.32A. Section 9.(5)(a)(i) Two percent (2%) of the average premiums in state for policies covered by the account during the three calendar years preceding the impairment or insolvency. Amended effective 7/22/01.

### **Assessment Classes**

§48.32A. Section 9.(2) The amount of a class A assessment is determined by the board and may be authorized and called on a pro rata or nonpro rata basis. If pro rata, the board may provide that it be credited against future class B assessments. The amount of a class B assessment, except for assessments related to long-term care insurance, must be allocated for assessment purposes between the accounts and among the subaccounts of the life insurance and annuity accounts, pursuant to an allocation formula which may be based on the premiums or reserves of the impaired or insolvent insurer or any other standard determined by the board to be fair and reasonable under the circumstances. The amount of the class B assessment for long-term care insurance written by an impaired or insolvent insurer must be allocated according to a methodology included in the plan of operation and approved by the commissioner. The methodology must provide for 50 percent of the assessment to be allocated to disability and health member insurers and 50 percent to be allocated to life and annuity member insurers.

West Virginia

### **Assessment Limits**

§33-26A-9(e)(1). (A) Subject to the provisions of §33-26A-9(e)(1)(B) of this code, the total of all assessments authorized by the association with respect to a member insurer for each subaccount of the life and annuity account and for the health account shall not in any one calendar year exceed two percent of such insurer's average annual premiums received in this state on the policies and contracts covered by the subaccount or account during the three calendar years preceding the year in which the member insurer became an impaired or insolvent insurer.

### **Assessment Classes**

§33-26A-9(b). There shall be two classes of assessments, as follows: (1) Class A assessments shall be authorized and called for the purpose of meeting administrative and legal costs and other expenses. Class A assessments may be authorized and called whether or not related to a particular impaired or insolvent insurer. (2) Class B assessments shall be authorized and called to the extent necessary to carry out the powers and duties of the association under §33-26A-8 of this code with regard to an impaired or insolvent insurer.

Wisconsin

### **Assessment Limits**

§646.51(4)(a) The total of all assessments for an amount authorized by the board under this section with respect to an insurer may not, in one calendar year, exceed 2% of the insurer's assessable premiums under sub. (3) (am) or (b) on the types of policies and contracts that are covered by the account. Amended effective 4/30/04; amended effective 4.08.2008.

### **Assessment Classes**

§646.51(3) Two classes of assessments: (am)General, and (c) administrative. (Amended effective 4/30/04).

## Wyoming

### **Assessment Limits**

§26-42-107(g). (i) Subject to paragraph (ii) of this subsection, the total of all assessments authorized by the association with respect to a member insurer for each account shall not in any one (1) calendar year exceed two percent (2%) of the insurer's average premiums received in this state on the policies and contracts covered by the account during the three (3) calendar years preceding the year in which the member insurer became an impaired or insolvent insurer;

### **Assessment Classes**

§26-42-107(b). There shall be two (2) assessments as follows: (i) Class A assessments shall be authorized and called to pay administrative and legal costs and other expenses and examinations conducted under the authority of W.S. 26-42-110(e). Class A assessments may be authorized and called whether or not related to a particular impaired or insolvent insurer; (ii) Class B assessments shall be authorized and called as necessary to carry out the powers and duties of the association under W.S. 26-42-106 with regard to an impaired or an insolvent insurer.

# Tax Offsets - State Comparison Report

 Current as of August 22, 2023

## Alabama

§27-44-13(a). Yes. Up to 20% of assessment amount may be offset for 5 years after payment. Covers all assessments but administrative expenses.

## Alaska

No provision.

## Arizona

§20-692. Yes. Beginning in 1995 (see statute for pre-1995 guidance), member insurers may offset 20% of the assessment for the year of assessment, and 20% of the assessment per year for the succeeding four years. The total amount of the offset may not exceed 100% of the assessment.

## Arkansas

§23-96-115(j)(1)(A). Yes. Up to 20% of assessment amount may be offset for 5 years after payment; covers all assessments but administrative expenses.

## California

§1067.08(i)(1). Yes. No tax offset provided by law; however, a health insurance assessment recoupment is permitted by way of policyholder surcharge. Member insurers are required to recoup over a reasonable length of time a sum reasonably calculated to recoup the assessments with respect to the health insurance account paid by the member insurer under this article by way of a surcharge on premiums charged for health insurance policies.

Amounts recouped shall not be considered premiums for any other purpose, including the computation of gross premium tax or agent's commission.

#### Colorado

§10-20-113. Yes. 100% of Class B assessment amount made on life and annuity accounts may be offset for 5 years following payment at the rate of 20% per year. The total amount of all offsets for all member insurers cannot exceed \$4 million per year. Offsets will be prorated if the total amount of offset would exceed \$4 million in any year. Carry forward of offset is permitted when cap is exceeded. Colorado's tax offset provision does not apply to health insurance assessments, however, member insurers writing health insurance may recoup the health insurance assessment through policyholder surcharge on premiums charged for health policies.

#### Connecticut

§38a-866(h). Yes. 100% of assessment amount may be offset for 5 years following payment at the rate of 20% per year.

#### Delaware

§4413(a). Yes. Up to 20% of assessment amount may be offset for 5 years following payment; covers class C assessments only.

#### District of Columbia

§31-5410. Yes. Up to 10% of amount assessed may be offset, spread over 10 years following payment; covers all assessments but administrative expenses.

#### Florida

§631.72. For assessments levied before Jan. 1, 1997 member insurers may offset 0.1% of the assessment, less any refunds, for each year following the year in which the assessment was paid until the total of all offsets claimed for a given year's assessment equals the amount of the assessment paid in that year. For assessments levied or paid after Dec. 31, 1996,

member insurers may offset 5% of the amount of the assessment, less any refunds, for 20 years following the year the assessment was paid. Member insurers may not offset both premium taxes and corporate income taxes for the same assessment amount. Tax returns covering tax year 1997 will be the first on which member insurers may claim a credit. (Eff. 10/1/96)

#### Georgia

§ 33-38-22. Yes. Up to 20% of assessment amount may be offset for next 5 years following payment. Tax offset covers only Class B assessments.

#### Hawaii

§431:16-213. Yes. Up to 20% of assessment amount may be offset for the 5 years following payment; covers all assessments except administrative expenses.

#### Idaho

§41-4313. Yes. Up to 20% of assessment amount may be offset for 5 years following payment. An allowable offset, or any portion thereof, not used in any calendar year cannot be carried over or back to any other year.

#### Illinois

215 ILCS 5/531.13. No. In the event the aggregate Class A, B and C assessments for all member insurers do not exceed \$3,000,000 in any one calendar year, no member insurer shall receive a tax offset. However, for any one calendar year before 1998 in which the total of such assessments exceeds \$3,000,000, the amount in excess of \$3,000,000 shall be subject to a tax offset to the extent of 20% of the amount of such assessment for each of the 5 calendar years following the year in which such assessment was paid, and ending prior to January 1, 2003, and each member insurer may offset the proportionate amount of such excess paid by the insurer against its liabilities for the tax imposed by subsections (a) and (b) of Section 201 of the Illinois Income Tax Act. The provisions of this Section shall expire and be given no effect for any tax period commencing on and after January 1, 2003. (Eff. 5/29/98)

## Indiana

§27-8-8-16. Yes. Up to 20% of assessment amount may be offset for each calendar year following payment, until the aggregate of those assessments have been offset by either credits against specified taxes or refunds from the association. Amended effective 3/28/2006.

## Iowa

§508C.19. Yes. Up to 20% of assessment amount may be offset for each of the 5 years following payment.

## Kansas

§40-3016. Yes. Up to 20% of assessment amount may be offset for next 5 years, beginning with the calendar year after the year the certificate of contribution is issued. Tax offset covers only Class B assessments.

## Kentucky

KRS 304.42-130. Yes. Up to 20% of assessment amount may be offset for next 5 years; applies only to Class B assessments (including administrative expenses directly incurred or allocated to each insolvency). Class A assessments not eligible for offset.

## Louisiana

LSA-R.S. 22:2092.A,B. Yes. A member insurer may offset up to 20% of the amount paid for next 5 years. Assessment amount may be reduced if the insurer has assets invested and maintained in qualifying Louisiana investments. Codified effective 6.21.2008.

## Maine

§4621 Yes. to the extent of 20% of the amount of the assessment for each of the 5 calendar years following the year in which the assessment was paid. Amended effective for

assessments paid on or after January 1, 2005.

#### Maryland

No provision.

#### Massachusetts

§146B(13)(A). Yes. Up to 10% of assessment amount may be offset for next five years; covers all assessments but administrative expenses. Total offsets of all member insurers against premium, excise, franchise, or income tax may not exceed \$3 million per year. Carry forward of offset is permitted when cap is exceeded.

#### Michigan

§208.22. Yes. Amount a member insurer may offset varies according to formula in the Single Business Tax - Insurance Companies (Public Act No. 262).

#### Minnesota

§ 2971.20 Yes. An insurance company or health maintenance organization may offset up to 20% of assessment amount for each of the five calendar years following the year in which the assessment was paid. Carry forward of offset is allowed when cap is exceeded. Amended effective for taxable years beginning after December 31, 2000.

#### Mississippi

§83-23-218(1). Yes. Prior to July 1, 1993, up to 25% of amount of assessment may be offset for the next two succeeding years; covers all but administrative expenses. After July 1, 1993, up to 20% of amount of assessments over the succeeding 5 years may be offset. Carryover is allowed where the offset is less than 20%, until offset is fully used.

## Missouri

§376.745. Yes. Up to 20% of assessment amount may be offset for next 5 years after payment; covers all but administrative expenses.

## Montana

§33-10-230. Yes. Up to 20% of assessment amount may be offset beginning the first year after assessment.

## Nebraska

§44-2716(1). Yes. Up to 20% of assessment amount may be offset for next 5 years, beginning with the calendar year after the year the certificate of contribution is issued.

## Nevada

§686C.280.2. Yes. Up to 20% of assessment amount may be offset for next 5 years, beginning with calendar year after the year the certificate of contribution is issued.

## New Hampshire

§408-F:13.I. Yes. A member insurer may offset against its tax liability assessments for the life insurance and annuity account, and for the health account for guaranteeing the performance of contractual obligations of an impaired or insolvent insurer in regard to disability income coverages only, to the extent of 20% of the amount of the assessment for each of the 5 calendar years following the year in which the assessment was paid. If a member insurer ceases doing business, all uncredited assessments may be credited against its tax liability for the year it ceases doing business. (Amended effective 1/1/97).

## New Jersey

§17B:32A-18.a. Yes, a member insurer may offset against its premium tax liability, attributable to premiums written in that year, any assessments for which a certificate of contribution has

been issued, to the extent of 10% of the amount of those assessments for each of the five calendar years following the second year after the year in which those assessments were paid, except that no member insurer may offset its premium tax liability by more than 20% of its premium tax liability in any one year. If a member insurer should cease doing business in the state, any uncredited assessments may be offset against its premium tax liability for the year in which it ceases to do business. b. A member insurer that is exempt from taxes referenced in subsection a. of this section may recoup its assessments by a surcharge on its premiums or by a surcharge on its membership fees (as applicable) in a sum reasonably calculated to recoup the assessments over a reasonable period of time, as approved by the commissioner. Amounts recouped shall not be considered premiums for any other purpose, including the computation of gross premium tax, the medical loss ratio, or insurance producer commission. If a member insurer collects excess surcharges, the member insurer shall remit the excess amount to the association, and the excess amount shall be applied to reduce future assessments in the appropriate account. c. Any sums which are acquired by member insurers as the result of a refund from the association pursuant to subsection f. of section 8 of P.L.1991, c.208 (C.17B:32A-8), and which have theretofore been offset against premium taxes as provided in subsection a. of this section, shall be paid by those member insurers to the State as the Director of the Division of Taxation may require. The association shall notify the commissioner and the Director of the Division of Taxation of any refunds made. d. This section shall not apply in any way to the imposition or collection of, and no offset shall be permitted against, the surtax on premiums authorized pursuant to section 76 of P.L.1990, c.8 (C.17:33B-49).

#### New Mexico

No provision.

#### New York

§7712(b)(2)(A)(B). Yes. In any given year, if the net assessment for all NY companies exceeds \$100M over the previous 15 year period, then each company can take a credit in the current year for an amount based on a formula involving a factor of 80% and the amount of assessments in excess of \$100M.

#### North Carolina

§105-228.5A. Yes. Up to 20% of assessment amount may be offset for next 5 years; covers all but administrative expenses.

## North Dakota

§26.1-38.1-10. Yes. Up to 20% of assessment amount may be offset for next 5 years.

## Ohio

§3956.20. Yes. A member insurer may offset against its premium or franchise tax liability twenty percent of the assessment in each of the five calendar years following the fiscal biennium in which the assessment was paid. The offsets shall be allowed on a year-per-year basis commencing with the first tax payment due after the fiscal biennium in which the assessment was paid. If the aggregate total of the assessments eligible for offset in a particular year exceeds a member insurer's tax liability to this state for such year, the aggregate total of the remaining eligible assessments, notwithstanding the five-year limitation may be offset against such tax liability in future years. If a member insurer ceases doing business, all uncredited assessments may be credited against its premium or franchise tax liability for the year it ceases doing business. The Ohio life and health insurance guaranty association may require a member insurer to report any offset to the association. A member insurer that is exempt from taxes may recoup its assessments by a surcharge on its premiums in a sum reasonably calculated to recoup the assessments over a reasonable period of time, as approved by the superintendent. Amounts recouped shall not be considered premiums for any other purpose, including the computation of gross premium tax, the medical loss ratio, or agent commission. If a member insurer collects excess surcharges, the member insurer shall remit the excess amount to the association, and the excess amount shall be applied to reduce future assessments in the appropriate account.

## Oklahoma

§2030.I. Yes. Up to 20% of assessment amount may be offset for next 5 years following year of assessment; covers all but administrative expenses.

## Oregon

§734.835(1). Yes. Up to 20% of assessment amount may be offset for next 5 years; covers all but administrative expenses. **\*\*NOTE\*\*** In 2015, Oregon legislature passed bill extending sunset provision for the tax offset to 1.1.2022.

40 PS § 991.1711 (a) A member insurer may offset against its premium or income tax liability to this Commonwealth a proportionate part of the assessments described in section 1707 to the extent of twenty per centum (20%) of the amount of such assessment for each of the five (5) calendar years following the year in which such assessment was paid. In the event a member insurer should cease doing business, all uncredited assessments may be credited against its premium or income tax liability for the year it ceases doing business. (b) The proportionate part of an assessment which may be offset against a member insurer's premium or income tax liability to the Commonwealth shall be determined according to a fraction of which the denominator is the total premiums (in the category assessed) received by the member insurer during the calendar year immediately preceding the year in which the assessment is paid and the numerator is that portion of the premiums received during such year on account of policies or contracts of life insurance (including or limited to annuities and unallocated annuities per account or subaccount, as applicable per the assessment), or health and accident insurance (including RANLI PPP, hospital plan corporation, professional health services plan corporation and health maintenance organization subscriber policies, contracts and certificates), in which the premium rates are guaranteed during the continuance of the respective policies or contracts without a right exercisable by the member insurer to increase said premium rates. (c) A member insurer that is exempt from taxes referenced in subsection (a) may recoup its assessments by assigning available offsets (as calculated under subsection (b)) to a taxable member or members of its controlled group, as the term is defined under section 1563(a) of the Internal Revenue Code of 1986. Such assigned offsets may be utilized by the taxable member or members in the manner provided under subsection (a). (d) A member insurer that is exempt from taxes referenced in subsection (a) and has no taxable members of a controlled group as referenced in subsection (c) may recoup its assessments by a surcharge on its premiums in a sum reasonably calculated to recoup the assessments over a reasonable period of time, as approved by the commissioner. Amounts recouped shall not be considered premiums for any other purpose, including the computation of gross premium tax, the medical loss ratio or agent commission. If a member insurer collects excess surcharges, the member insurer shall remit the excess amount to the association, and the excess amount shall be applied to reduce future assessments in the appropriate account. (e) Any sums which are acquired by refund, pursuant to section 1707(f), from the association by member insurers, and which have theretofore been offset against premium or income taxes as provided in this section and are not then needed for the purposes of this article, shall be paid by such member insurers to this Commonwealth in such manner as the tax authorities may require. The association shall notify the commissioner that such refunds have been made. (f) No offset against premium or income tax liability shall be permitted to the extent that a member insurer's rates or policyholder dividends have been adjusted as permitted in section 1707.

## Puerto Rico

No provision.

## Rhode Island

§27-34.3-13.A. Yes. Member insurers may offset up to 10% of amount of an assessment, other than a Class A assessment, for each of the 5 years following the year in which the assessment was paid. (Amended effective 1/1/96)

## South Carolina

§38-29.160. Yes. Member insurers may offset up to 20% of amount for 5 years, beginning with the year after a certificate of contribution is issued.

## South Dakota

§58-29C-56A. Yes. A member insurer may offset against its premium tax liability to this state an assessment described in subpart 58-29C-52 H to the extent of twenty percent of the amount of the assessment for each of the five calendar years following the year in which the assessment was paid. If the assessment is five hundred dollars or less, the member insurer shall take the total offset in the first year following the year in which the assessment was paid. However, total assessments offset against premium taxes may not exceed two million dollars in any year. If offsets exceed the annual limitation in this section, the excess may be carried forward to a subsequent year in which the annual limitation has not been exceeded. Any excess shall be apportioned among the contributing insurers in relation to their assessment that caused the limit to be exceeded. In the event a member insurer should cease doing business, all uncredited assessments may be credited against its premium tax liability for the year it ceases doing business. Effective July 1, 2003 (prior statute repealed).

## Tennessee

§56-12.212(a). Yes. Member insurers may offset assessments paid up to the lesser of: (1) 10% of the amount for each of the 10 years following the year in which assessment was paid, or (2) one tenth of 1% until recovery of the assessment(s) is made. Covers all assessments but administrative expenses.

## Texas

§463.161. Yes. Member insurers may offset up to 100% of assessments paid for an insurer that becomes an impaired or insolvent insurer on or after September 1, 2005 (20% per year for a period of 5 years beginning in the year following the issuance of the certificate of contribution). Member insurers may offset up to 100% of assessments paid for an insurer that becomes an impaired or insolvent insurer prior to September 1, 2005 (10% per year for a period of 10 years beginning in the year following the issuance of the certificate of contribution). Covers all Class B assessments. Amended effective 9/1/05. Codified effective 9/1/07.

## Utah

§31A-28-113(1). Yes. Member insurers may offset up to 20% of assessment amount for 5 years following year of assessment.

## Vermont

Vt. Stat. Ann. tit. 8, § 4183(a) A member insurer may offset against its premium tax liability to Vermont an assessment described in subsection 4179(h) of this chapter to the extent of 20 percent of the amount of the assessment for each of the five calendar years following the year in which the assessment was paid. In the event a member insurer should cease doing business, all uncredited assessments may be credited against its premium tax liability for the year it ceases doing business.

## Virginia

§38.2-1709. Yes. A member may show a certificate of contribution as an asset, in the form approved by the Commission, at the original face amount for the calendar year of issuance. Such amount may be amortized as follows: 1. Certificates of contribution issued before Jan. 1, 1998 shall be amortized in each succeeding calendar year through December 31, 1997, at an amount not to exceed 0.05 of 1% of the direct gross premium income for the classes of insurance in the account for which the member is assessed. If the amount of the certificate has not been fully amortized by the contributing insurer by December 31, 1997, the unamortized balance of the certificate amount shall be amortized at the option of the contributing insurer, either (i) in the same manner as the certificate was amortized prior to

Jan. 1, 1998; however, if not amortized in full prior to calendar year 2010, the unamortized balance of the certificate shall be amortized in full during the calendar year 2010, or (ii) over the 10 successive calendar years commencing Jan. 1, 1998, in amounts each equal to 10% of such unamortized balance. A contributing insurer whose certificate has not been fully amortized by December 31, 1997, shall notify the Commission in writing of the amortization schedule option it has selected on or before March 1, 1998. If a contributing insurer fails to notify the Commission by such date, the insurer shall be deemed to have selected to continue amortization under the original schedule.

#### Washington

§48.32A. Section 13. Yes. Up to 20% of assessment amount may be offset for 5 years following payment; covers class B assessments only.

#### West Virginia

No provision.

#### Wisconsin

§646.51(7). Yes. Member insurers may offset up to 20% of the assessment amount paid, for the next 5 calendar years following year of assessment, if premium rates on the class of business are fixed so that it is not possible to recoup assessments by increasing rates.

#### Wyoming

§26-42-111(a). Yes. Member insurers may offset up to 10% of the assessment amount for 10 years following the year in which the assessment was paid; covers all assessments except class A assessments.
